DAZ

A lifelong opinionated, kind, a
teaching person with a tale/
specific message to tell.

Very spiritual / energetic all around
them.

Feel feminine.

Impressions of angelic and references
to Jesus & God throughout.

A connection through energy to
outer space - a source of something.

I feel they are on a spiritual journey
an atonement for past sins/life
and are fulfilling this.

Guess.

Is this the artist girl - Ariane?
Or am I still not driving?
