WORKING PAPER

SUMMARY OF INFORMATION

Note: Session was a search problem conducted using CRV in the solo mode. First, using the coordinates I progressed through stage 3. Then I conducted the search on the world map, dowsing with a ruler. I searched the area encompassing So. America, as per instructions. Next, I went back to CRV and worked in stage 4 to obtain information about the target.

At the time indicated by the coordinates, the target was in Montevideo, Uruguay.

The target is a person located in a smelly, crowded city. He/she is dark haired, brown-eyed, thin, bony, with chiseled/pronounced features. He/she has a pointy/Roman shaped nose. Session was terminated at this point because the ADL of Che Guerva wouldn't dissipate.
