

Target 1009-2011

Remote Viewer:	Daz Smith
Method:	CRV
Protocol:	BLIND – I had no information on this target other than the number
Date:	10 September 2011

The target comprises of:

Land
Structures
Life

The land is:

Long, flat and very linear.
It feel like a manmade structure – road.
Grey, wet, hard.

This is:

Tree lined, and has vegetation both sides

At the end of the road:

There is s strange shaped junction.
A car was left just before this junction.
A car/vehicle is involved and was driven by the missing person.
Other people were in the car at the time he went missing.
The road leads to a location beginning with 'T'.

Life:

male, young.
I feel he is located not far from the car location.
Dead, bludgeoned.
one or more other people were involved.
I feel that one of these could have been female.
